Objective

Computer Science student passionate about building scalable web applications and solving real-world problems. Seeking opportunities in frontend and full-stack development to contribute and grow as a software engineer.

Education

St. Joseph's College of Engineering, Chennai	Aug 2023 – May 2027
B.E. Computer Science and Engineering	CGPA: 8.52
Swami Vivekananda Matriculation Hr. Sec. School, Kanchipuram	2021 – 2023
HSC – Computer Science & Mathematics	91%

Experience

Full Stack Intern — Infosys Springboard	Feb 2026 – Apr 2026
- Developed modular and responsive UI components using React.js for MedVault. - Integrated REST APIs and collaborated with backend team on MySQL database operations. - Followed Git-based workflow for version control and feature development.	
Web Development Intern — Codec Technologies	May 2025 – Jun 2025
- Built an end-to-end E-Commerce Application as the final project. - Implemented authentication, product management, and database integration. - Worked with HTML, CSS, JavaScript, MongoDB and Flask.	

Skills

Languages: Java, C, Python
Concepts: Data Structures & Algorithms, OOP, Operating Systems, Computer Networks
Web: HTML, CSS, JavaScript, React.js, Bootstrap
Databases: MongoDB, MySQL
Tools: VS Code, Git, GitHub, Postman

Projects

LearnEx – Personalized Learning Platform
Interactive learning platform with AI chatbot integration and secure user authentication.
Tech Stack: HTML, CSS, JavaScript, Supabase, Express.js
GitHub: github.com/Hariprasathmani/learnex
E-Commerce Application
Full-stack shopping platform with user authentication and dynamic product management.
Tech Stack: HTML, CSS, JavaScript, MongoDB, Flask
GitHub: github.com/Hariprasathmani/e-commerce-application
EduPredict – Student Performance Prediction System
Machine learning system that predicts student academic performance using historical educational data and analytical models.
Tech Stack: Python, Machine Learning, Pandas, NumPy, Scikit-learn
GitHub: github.com/Hariprasathmani/EduPredict-Student-Performance-Prediction-System

Certifications

- Introduction to Programming in C – NPTEL
- Programming, Data Structures and Algorithms Using Python – NPTEL
- Oracle Cloud Infrastructure 2025 Certified Foundations Associate
- Introduction to MongoDB – MongoDB University
- Introduction to Cloud – AWS Academy

Achievements & Activities

- Solved 300+ problems on LeetCode and 1000+ problems on SkillRack.
- Participated in competitive programming contests on AtCoder, Codeforces and CodeChef.
- Participated in hackathons including SIH, EY Hackathon and other collaborative coding competitions.
